No, membership in ArchCare Community Life (MLTC) will not affect coverage for your important Medicare or Medicaid medical benefits. This includes: ambulance, doctor visits, emergency room care, hospitalizations and prescription drug coverage.

When enrolling in ArchCare Community Life, you will be assigned to a highly trained Care Manager. Your Care Manager will take the time to develop a personal relationship with you, your Primary Care Provider, your family and all the members of your care circle.

Your Care Manager will work with you to create a Person Centered Service Plan (PCSP) that includes input from your primary care physician or specialists.
